

REMARKS:

Examiner Gilbert is thanked for the allowance of claims 50 and 55-96. In the Notice of Allowability, the Examiner requested that a new figure be added to illustrate how the molding covers the cracks. Figures 32 and 33 show the door skin with the molding installed around the cracks. Applicants submit herewith new figure 34 showing a door manufactured from the disclosed door skin prior to installation of the molding, thus showing 'cracks 312'.

Applicants have also amended the specification to reference new figure 34. No other changes to the figures or specification have been made. No new matter has been added. Applicants submit that the amendments herein are in compliance with the Examiner's request in the Notice of Allowability, and therefore respectfully request entry of same.

It is believed that no fee is due with this submission. Should that determination be incorrect, then please debit Account No. 50-0548 and notify the undersigned.

Respectfully submitted,

William C. Schrot
